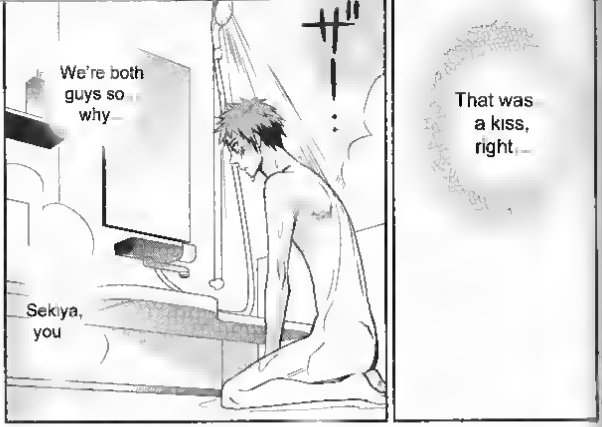
Takaoka Nanaroku -
Te Wo Tsunaide, Koi Wo

Chapter 03

Scans, Editing, Translation by Fujoshi Spirit

Welcome home, Akira!
I thought you wouldn't be back until evening.
We were let off at noon at the station.
I'm taking a shower.
What about lunch?
I already ate
キュッ



All I ever think about is you.

Is it true that you are moving!?
Don't go Yuu-chan! Let's play together today and tomorrow, too!
Akira
No no way!
I don't want it!
It can't be helped, Akira!
But it's not so far it's still the same school district after all!
Ne
It's really close by bicycle!
I'm sorry, okay?
You can always come over to play!
I don't know how to ride a bike
I

Akira!!
Long time no see!
Eh? Call me Yuu-chan like you used to
Ta... Tatsumi-senpai...
Akira is in middle school already, huh?
You've grown!
Sorry Akira! I've gotten busy ever since joining the student council
See ya tomorrow
Yuu, sensei is calling for you!
Ah!
Yuu-chan...
.....

Akira...
That is...
it's impossible
No matter what there's no way...
I'm sorry...
Really sorry

All I ever think about is you!
!!!

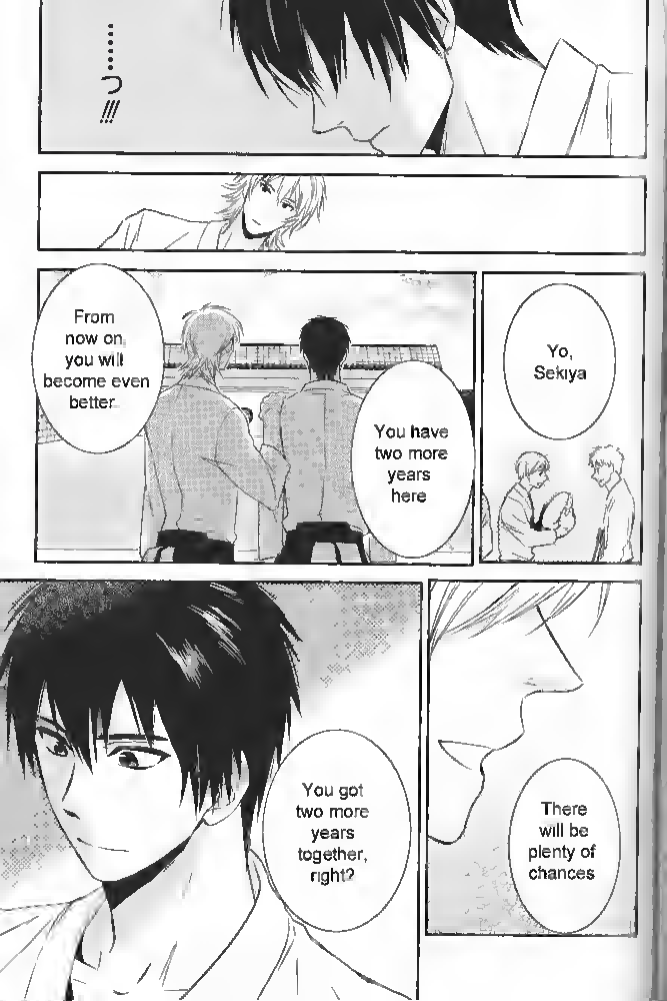
Although the Interhigh was not easy, we had a good outcome
The 3rd years will now retire from the club
Please say a few words, captain
やめてください
Well, I'm not saying this out of spite
I really hate studying
I really don't want have to focus on study
わはは
It's already time to retire huh
I want you all to feel encouraged in pursuing yout club activities without regrets in the future!
I would like to ask a favour
Ehhhh How annoying!
Alright it's decided! I'm coming here everyday!!
You guys
Senpai

Would you, just once, compete with me please
Eh?
Com-pete?
Why?!
ざわ
Eh?! Sekiya!?
I really want to have a match with you!
Please take me seriously!
Was the interhigh that dissapointing to you or what?
What s that?
Senpai
You did just fine!

Sekiya...?
Got it!
What about the rules? How many shots?
Four shots
If we get the same amount of hits, the one with the hits closer to center wins
Got it
I didn't miss any shots at the Interhigh
Our strength should be evenly matched

Watch...
I will definitely win!
Look at me, Nagashima!!
.....!
ぱぁん!!

Just one clear miss after 3 hits—
That's so unlike you
.....
Kyuudo is a sport where your mental state is very important.
—that's why I said it before, ya know?



……っ!!!
From now on, you will become even better.
You have two more years here
Yo, Sekiya
You got two more years together, right?
There will be plenty of chances

I'm counting on ya!
Phew I'm glad there's kouhai with motivation!
I honestly thought this club might be doomed
It's all because you've been way too strict a captain last year— we lost too many juniors
It's not my fault!
Tatsumi senpai

I'll get the target signs
Good work
ガチャ
.....
Hey we're all going to get noodles afterwards!
I got no money so I'm not going
Today it's senpai's treat!!

Good work today!
Yes.
We're all going to Shimada's for a bite.
Ahh, Sekiya! Let me return the keys to sensei.
!
Naga-shima...
I waited for you...
Haven't you left to eat with the others?
I have something to ask you...
Se-
Sekiya...

Sekiya
Why are you so skilled with the bow?
Oh that...
I've been doing it since middle school
BUT!
To do so well against a senpai 3 years older than you... you are amazing!
Even if you missed one, the other 3 totally were your points!
!
Though I knew you were skilled...
Today you were just amazing...

Even though it was my loss...
Cou- could you teach me
maybe
That was really
amazing...
Are you pitying me or something?
After I did *that* to you...
Naga-shima!
!!

If you understand, then you should be angry!
Why are you still coming up to me?
.....?
Aren't you disgusted?
Naa
Sekiya, just let me say this one thing
I
was honestly deeply moved today
It's neither pity nor trying to suck up to you

I never even thought I could do something other than follow...
But
I always only chased after senpai
Only ever followed him
Today, a first year just like me, did so well and almost beat senpai
For the first time I realized that such a thing was even possible
If I could be like that too
Without hesitation, standing up to senpai, full of confidence

Sekiya
You were just so cool!
Amazing!

……っ
Stop it!

Sekiya's hand is

...it's too late now to go the the restaurant...
...grasping mine tightly, not letting go.
Whose fault is that.
I wonder if we'll go on holding hands like this...

to be continued!
